BEST WINERY & BEST DISTILLERY

Visit us in Prairie du Sac

THERE'S ALWAYS SOMETHING NEW for visitors to experience at **Wollersheim Winery & Distillery** in Prairie du Sac. Their new Bistro debuted last fall and reopened this spring with a deli-style selection of soups, salads, sandwiches, and more, all made on site. "As the weather gets warmer, visitors can enjoy a glass of wine or a cocktail from the distillery with some delicious food outside in our garden," says Wollersheim co-owner Julie Coquard. The rotating menu is a mix of global culinary styles crafted by Coquard's son, Romain Coquard, a professional chef who trained in Europe.

Wollersheim is also celebrating the distillery's fifth anniversary. The winery made spirits for decades before Prohibition and the Coquard family began distilling again in 2015 after successfully changing a state alcohol law. Today, Wollersheim's Press House Brandy is a tribute to a brandy distilled on site in 1876. Other spirits include creatively crafted varieties of bourbon, whiskey, gin, and more.
